

## **AUDAC**

Digital Audio Source - Tuner - CD - MP3

## Features

- CD Player / MP3 Player
- AM/FM Tuner with RDS
- USB slot for USB storage devices
- Memory card slot for SD/MMC Cards
- RS232 Control port
- Two Fixed Audio Outputs
- One Variable Audio Output
- Simultaneous operation of CD/MP3 and Tuner
- ID3 and RDS information display

 All kinds of different applications where audio sources (CD, Mp3, Tuner, ...) and multiple audio sources are required

The CMP30 is a All-In-One digital audio source device which accomodates three different kinds of audio sources into one single device.

It combines a CD-Player, MP3 player and AM/FM tuner into one single rack space 19" housing, offering a flexible, multi-functional and compact solution for many applications where multiple source devices are needed. Some typical applications examples can range from simple standard audio systems to the most complex and advanced Multi-Zone audio distribution systems.

Besides the necessary control and function buttons, the CMP30's front panel also contains a clear LCD screen displaying the operation mode with the ID3 and RDS information of the currently playing track or radio station. Its CD slot, USB slot and SD/MMC memory card slot make it possible to play regular audio CDs, but also MP3 audio CDs and MP3 files stored on USB memory sticks or SD/MMC memory cards.

On the rear side are three audio outputs provided. Two of them are fixed audio outputs with a constant line level output carrying the signal from the CD/MP3 player and the tuner. This way the CD/MP3 player and tuner can operate simultaneously, making the device perfect for Multi-Zone audio distribution systems where multiple audio sources are required. The third audio output is a Variable audio output with volume control. The signal present on this audio output can be selected between CD/MP3 and Tuner.

An RS232 control port makes the operation possible from external control devices such as home automation systems.

## **▶** Specifications

Power supply		110~240V AC / 50~60 Hz
Inputs		Audio compact disk input 12 cm
		USB Memory Stick Input
		SD/MMC Memory Card Input
Control		Front Panel
		RS232
Outputs		2 x Fixed audio output
		1 x Variable audio output
Frequency response		20 Hz ~ 20 kHz
Output level	Fixed output	- 10 dB
	Variable output	- ∞ ~ 0 dB
Power Consumption		10 Watt
PRODUCT FEAT	JRES	
Construction		Steel
Mounting		19" Rack
Unit height		1 HE
Colour		Black
Dimensions (W x H x D)		482 x 44 x 330 mm
Weight		3.82 Kg
SHIPPING & ORD	DERING	
Packaging		Carton box
Shipping weight & volume		5.15 Kg - 0.0278 Cbm
Accessories included		Power cable
		Antenna
